## Give Us Your Input!

Public input from thousands of Californians has already helped shape the CALFED Bay-Delta solution. However, there are many significant issues that still need to be decided. Please fill out this form and tell us what you think is important when developing an equitable, feasible and durable Bay-Delta solution.

### Comments:

I grew up in West Glenn Co. ; on a ranch. It ~~was~~ located south of Neville, North of Stonyford. I am 4<sup>th</sup> Generation of Ranchers in that area called Chrome. When I was a child, I remember swimming in the creeks that drained off of the Mendocino mts. I would be very anxious to swim in the spring, as soon as the weather & my parents let me. By July 1st the water would be gone, the creeks would dry up. There is not enough water to send it to southern California.

Use additional sheets if necessary.

Please clip out this form, fold, staple and return to:

CALFED Bay-Delta Program  
1416 Ninth Street, Suite 1155  
Sacramento, CA 95814
